

The OPTI Solar 100 LED is the smallest quietest and most economical OPTI Kinetics effects projector. The silent running 12V projector is a bright little powerhouse and its simplicity allows users to innovatively create effects that are appropriate for any environment.

The projector is suitable for multiple corporate, healthcare and entertainment applications and requires little maintenance.

The OPTI Solar 100 LED projector accepts all 6" and 9" (Max) effect wheels and can be used with a range of accessories to enhance your specialist lighting effect.

Designed and manufactured in the UK by OPTI Kinetics, the extended warranty from 1 to 3 years* on its professional lighting projectors is a mark of assurance that OPTI Kinetics projectors are manufactured to the very highest specification.
